

Soft Care[®] Star

Handwash

H1

Description

Soft Care Star is a general handwashing product based on synthetic detergents, delivering effective cleaning (value for money). It is suitable for use at restaurants, schools, offices and other public locations.

Key properties

Soft Care Star is a general hand cleanser based on synthetic detergents, humectant and perfume. The effective surfactant system ensures excellent removal of (greasy) soil, emulsification of removed soil and stabilisation of the emulsion.

The presence of mono ethanolamide ensures good foaming properties, while humectants have skin care effects. This product has been formulated with perfume, delivering freshness.

Soft Care Star can be dispensed from any bulk dispenser (except aluminium dispensers), commonly used at restaurants, schools, offices and other public locations.

Benefits

- Excellent cleaning performance
- Efficient product – value for money

Use instructions

Apply one or two dosages of product on hands. Wash hands with lukewarm water. Rinse with water and dry hands thoroughly.

Dry hands are important with respect to good hygiene.
