

# Cutan® Foaming Soap

Mild foaming soap for frequent use.

## Cleanse

A fundamental step in hand hygiene best practise. Apart from removing any visible soiling from hands, the physical action of a good hand washing technique will remove high levels of bacteria and viruses also present on the skin.

## Features & Benefits

**Instant Foaming** - patented pump technology delivers pre-formed soap directly onto hands, reducing water consumption as there is no need to later the soap.

**Quick Rinsing** - rinses freely from the skin, speeding up hand washing and reducing the possibility of soap residues on the skin.

**Mild** - combination of conditioning agents are employed to ensure that skin is gently cleansed and conditioned every time.

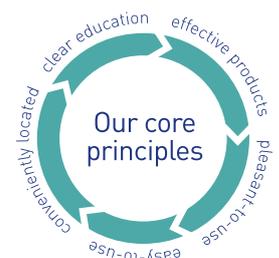

**Lightly Fragranced** - ensures maximum acceptability to users.

**Cost in use** - over 40% more washes from each cartridge, compared to normal lotion soaps.

**Extremely economical** - up to 1,429 shots from a single cartridge compared to 1,000 from liquid soaps.

**Improves Compliance** - widely accepted by users means that hand washing is more likely to be conducted, improving hand washing rates.
