

Trusted. Simple. Effective.

Ariel S3 Colour - Safe Stainbuster

Liquid laundry additive, for use with the
Ariel Professional System

Formulated to boost stain removal in low temperature wash,
colour safe and hygienic cleaning.

Use S3 with the Ariel Professional System

...for outstanding business results

Trusted

- From the makers of Ariel.

Simple

- No matter what your key laundry goal is, there is an Ariel Professional System for you.

Effective

- Active stain removal in mild washing conditions (Low wash temperatures and near pH neutral wash help linen protection).
- Removes stains whilst helping to maintain colour and the integrity of fabrics.
- Hygienic cleaning – removes tough stains, that can be source of bacteria, in deep clean action
- Does not leave chemical overtones on the fabrics (bleach malodors).

★★★★★ Satisfy your guests

Cleanliness can help you improve your ratings & reviews and generate incremental business.

Minimize your total operating cost

The Ariel Professional System can help you worry less about the cost of rewash.

Contribute to a more sustainable development

The Ariel Professional System with S3 is effective from 30°C wash temperature.

Care for your staff

The Ariel Professional System can help make your operations more efficient by delivering cleanliness from the first wash.

every **experience** counts.™

Technical information

Research & Development Corner

Smart Oxygen Bleach Technology

- Colour safe bleach, which readily removes highly coloured residues and stains such as wine, tea & coffee from both white and coloured fabric.
- Delivers low temperature hygienically clean fabrics under mild conditions.
- The near neutral pH of the system is gentle on fibres and helps maintain fabric integrity.

- **EAN code:**
- **Appearance:** White liquid
- **Smell:** Unperfumed
- **pH (neat):** 4.0
- **Density:** 1.0-1.1g/ml
- **Water solubility:** High

Safety Instructions

Please make sure your employees read and understood the product label and your COSHH assessment (Chemical Risk Assessment in EU) before using this product. The label contains directions for use and both label and SDS contain hazard warnings, precautionary statements, first aid procedures and storage information. SDS are available on-line at our website www.pgpro-msds.com or can be provided to you via the call center.

Usage & Dosing Instructions

This detergent can only be dosed through **the P&G Professional Dosing equipment.**

- Can be used in the prewash and the mainwash.
- Dosage depends on the local site conditions such as the machine size, water hardness, and the amount of soil. Please refer to your P&G representative.

Where to Use

- Can be used on white and most of colored textiles at all water hardnesses and temperature of 30 to 65°C.
- May fade sensitive colored items after repeated washes.

Where Not to Use

- Not recommended for washing polyamide (Nylon) and elasthane (Lycra) garments.
- Do not use on wool and silk.
- Do not use at temperatures higher than 65°C.
