

Trusted. Simple. Effective.

Flash C1 Concentrated pH Neutral Floor + Delicate Surface Cleaner

All-purpose floor and off floor cleaning, including delicate surfaces

Highly concentrated cleaner, for use with wall-mounted dispensing equipment of the Flash Professional Cleaning System.

Use Flash Professional C1

...for outstanding business results

Trusted

- From the well-known brand Flash.
- Delivering value and results that are trusted by professionals and their guests.

Simple

- Safe for virtually all floors and off-floor surfaces, including delicate materials and use in auto scrubbers (low foaming).
- Easy to learn and use via colour coding, numbering and language-free icons.

Effective

- Brilliantly clean with few wipes, for cleaning with little effort.
- Leaves a fresh pleasant scent.
- Leaves surfaces shiny.
- No need for rinsing when used diluted.

★★★★★ Satisfy your guests

Cleanliness can help you improve your ratings & reviews and generate incremental business.

Minimize your total operating cost

The Flash Professional System helps create outstanding results fast. Accurate dosing every time with wall-mounted dispensers helps control cost in use.

Contribute to a more sustainable development

Refillable spray bottles are provided, which can reduce packaging waste versus ready-to-use products. The 2L canisters are made from recyclable material.

Care for your staff

The Flash Professional System is designed to be easy to learn. Colour code, numbering and language-free icons make it easy to use.

Technical information

Research & Development Corner

A PH neutral cleaner that is versatile in use

- The pH neutral formula helps retain the natural beauty and shine of delicate surfaces.
- It is effective in all water conditions and for cleaning grease and particulate soil.
- The product effectively suspends greasy trapped-in dirt, so that it can be easily removed.

Technical Description

- **EAN code:**
- **Appearance:** Coloured Liquid
- **Smell:** Pleasant (perfume)
- **pH (neat):** 7.5
- **Density:** 1017g/L
- **Water solubility:** High

Safety Instructions

Please make sure your employees read and understood the product label and your COSHH assessment (Chemical Risk Assessment in EU) before using this product. The label contains directions for use and both label and SDS contain hazard warnings, precautionary statements, first aid procedures and storage information. SDS are available on-line at our website www.pgpro-msds.com or can be provided to you via the call center.

Usage & Dosing Instructions

For professional use only. Dose only through the P&G Professional wall mounted dispensing system.

- **For bucket use:** 2 ml/L (0.2%) No need to rinse surface when product is applied diluted.
- **For spray use:** 20 ml/L (2%). Rinse surface after application. Tilt the spray bottle opening towards the wall to avoid foaming and splashes in the eye when filling.
- **For auto scrubber:** 0.6 ml/L (0.06%). No need to rinse surface when product is applied diluted.

Do not expose to direct sun light. Dispose of any remaining product before filling the spray bottle anew. Do not use undiluted or with other dilution methods.

Where to Use

- Effective for cleaning floors and other interior surfaces.
- Suitable for use on most washable hard surfaces including delicate materials such as ceramic, marble, granite and other natural stones.
- Suitable for floor materials including laminate, linoleum, treated parquet and natural stones.

Where Not to Use

- Do not use on damaged or cracked surfaces.
- If in doubt, test product first on a small hidden area.
