Green Clean and Clever

Green Clean and Clever

With so many products making green claims, it can be difficult to know which labels you can trust.

The EU Ecolabel is a long standing and easily recognisable environmental label. It is managed by the European Commission and other EU member state authorities.

Right at the core of the EU Ecolabel is the life-cycle approach. All of the products and services that display the EU Ecolabel have been designed to ensure their main environmental impacts are reduced throughout the product's life-cycle.

On average, every four years, the criteria are revised to reflect technical innovation such as evolution of materials, production processes or in emission reduction and changes in the market. Because of this, you and your customers can be sure that EU Ecolabel continues to stand for the highest environmental performance.

Window and Glass Cleaner

- Added vinegar to aid grease cut
- Smear free formula
- For use on windows and their surrounds

Code	Pack Qty
NW12096	6 x 750ml

Cloths

Colour Coding System for Hygiene

The aim of a product colour coding system is to help prevent cross contamination during the cleaning process. It is vital that a system forms part of an employee training programme and day-to-day working routine. The colour coding of cleaning products is a simple but important step that will make a large contribution to hygiene standards and help with the elimination of cross infection. A proper colour coding system is also recommended for use by the HSE.

Key

- General food and bar use
- General low risk areas
- Sanitary fittings & washroom floors
- Wash basins & washroom surfaces

Folded Wipers

WypAll* Dispenser

The essential dispenser for folded wipers for any business. This dispenser promotes hygiene and helps to control costs through controlled dispensing. The sleek and contemporary design makes it the perfect product for any environment. The dispenser is made with rounded edges and is easy to clean with just one cloth or wiper. The rounded top prevents an accumulation of rubbish, dust and dirt. Features a window, so you can see when a refill is needed.

Pulse Mopping System

Single Sided Pulse Mopping System & Flow Backpack

Rubbermaid's PULSE mop is the ideal tool for spot cleaning: 50% faster than a traditional mop and bucket. Industry-finest microfibre, on-board reservoir and user controlled release of solution mean more efficient cleaning and lower labour costs.

Press the trigger handle to dispense three streams of cleaning solution behind the mop. High capacity refillable reservoir holds 0.6L of solution to clean up to 80m² of floor space, only weighs 1.7kg when fully loaded with solution.

The high capacity FLOW Backpack system is ideal for spot cleaning and to clean anywhere you cannot take a bucket. The Backpack holds up to 5.6L for cleaning up to 820m² of floor surface.

Microfibre Flat Mopping Systems

Bucketless Mopping System

No bucket, less water, no spills, no trips! For 'spot cleaning.' Fantastic and easy to use on non-slip or wooden floors. Velcro microfibre mops are easy to remove and are washable. Use the scrub mop or fastnet sponge for more abrasive cleaning. The multi angled holder makes hardtop-reach areas easy to clean.

Combine with the Ergo Globe Handle with rotating 'ergo ball' which supports the wrist whilst mopping to reduce strain.

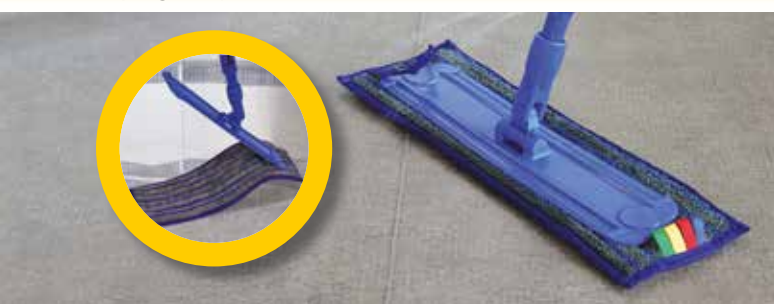

Bucketless Mopping System

Code	Type	Pack Size
NW55522	Frame Only	1 x 10
NW10965	Head	1 x 10
NW66342	Handle	Each

Magnetic Stream Mop System

Double sided mopping system – no more area cleaned with one mop saving time, reducing laundry costs and halving stock. Features a unique magnetic mop head allowing the mop to be changed without the user touching the dirty head. Simply fill the internal reservoir and trigger the spray jets to wet the floor and mop. Once dirty, turn the mop head over and continue cleaning.

Kit contains Handle, Frame, 1x Scrub Mop and 1x Drying Mop.

Magnetic Stream Mop System

Code	Pack Size
NW100712	Each

Microspeedy Mopping System

A complete flat mopping system with a superb professional quality folding 'break-frame' that's impact resistant and highly durable. Designed for use with 40cm flat mop heads with easy to use 'eyelet and flap' fittings, combined with aluminium handles and 20ltr King Speedy mopping combo bucket.

Bambino Cleano Kit

Hand-held bucket-free indoor window cleaning system. The revolution in indoor surface cleaning... for sparkling, hygienic, bug-free windows! Surfaces are left brighter, fresher and hygienic with no residual particles or surface smears. The Bambino Cleano is an entirely mechanical tool using no batteries or electrical connection. Its unique integral pump system and easily cleaned nozzle deliver fluid straight on to the surface which can then be cleaned using the detachable microfibre head. The Viton internal gaskets protect the pump system and allow a cleaning solution to be mixed with water prior to use.

Mini Ultraspeed

Ultraspeed Mini Starter Kit

Traditional small area cleaning systems such as socket mops and floor cloths are limited in their usage areas. UltraSpeed Minis 34cm flat mop frame allows you to perform many more cleaning tasks including: walls, tiling, safety floors (with SafeMop) etc. Created specifically to fulfil the requirements of all small area cleaning (10-30m²), UltraSpeed Mini is the first to combine a compact 10 litre bucket with a flat mop system. The compact size makes it ideal for small area cleaning in numerous sites. Requires handle 66749 (not included).

Cleaners Trolleys

ServoClean SCG1405 Trolley

The SCG1405 is an exceptionally compact service module designed to be used where the primary object is to clean and to be seen to be clean. The standard specification is based on a Structofoam base unit and is equipped with our universal 120-litre single or 70-litre twin dual waste unit and a pair of convenient 5-litre red and blue handled pails supplied. Three versions are available. Specification shown is for base model.

NW101552

NW102680

ServoClean SCG1415 Trolley

The SCG1415 is exceptionally compact yet has the added advantage of additional storage capacity for all those essential cleaning materials and provision for a pair of 6-litre red and blue pails supplied.

The standard specification is based on a steel-reinforced Structofoam base unit and is equipped with our universal 120-litre single or 70-litre twin dual waste unit and a pair of convenient 6-litre red and blue handled pails.

NW101355

ServoClean SCG1705 Trolley

The complete structure is based on our full Structofoam chassis, 100mm heavy duty castors and rotating corner protectors, a tubular epoxy-coated steel superstructure, deep and generous adjustable tray units, 4 x 5-litre top pails (2 x 10-litre pails optional) and universal dual waste system providing a choice of either single 120-litre or twin 70-litre waste disposal. The waste system is easily folded for compact storage.

ServoClean Allmops Vertical Press SGA2 Kit

Available for the above trolleys. Includes an Allmops vertical press, a 22L blue handled bucket and 22L red handled bucket.

NW101553

ServoClean Speedclean Wide Press SGA3 Kit

Available for the above trolleys. Includes a wide 22L red dirty water and rinse handled bucket, a matching 15L blue clean water handled bucket and a SpeedClean wide press, equally effective with either loop or microfibre mops.

NW101554

Cleaners Trolleys

Servo X System NX1501 Trolley 150L

All Servo-X trolleys can be easily folded for storage and the laundry bags themselves can be removed, incorporating drag handles and our top closure system.

NH3070

NW101555

Carousel NC4G Trolley

The full colour-coded cleaning mobile that really does allow "full" control of the cleaning programme in all applications.

Hotels, for example - bedrooms one colour, bathrooms another colour, WCs yet another... a place for everything and everything in its place. Two large and two small twin compartment caddies all together but all easily detachable as required. No system could be simpler or more versatile than the Carousel.

Carousel NCG1 Swingtop

Strong structofoam construction, 3" non-marking castors, 14L dolly bucket, 70L waste bin, 4L caddy. Twist mop & handle not included.

NW97028

NW101556

XCG3 Xtra Compact

Where mopping facilities are not required, this compact trolley provides maximum storage capacity - allowing for the efficient servicing of offices and other accommodations.

The construction is based on our uniquely strong Structofoam chassis fitted with non-marking 75mm (3") castors, protective buffers, Nutex epoxy coated superstructure, two full size deep tray units and a pair of 10-litre colour-coded pails.

NW10937

Twinmop TM2815WG

The Twinmop 2815WG has all the advanced features of the standard model but with the addition of an onboard, lidded, 30-litre waste system, full size top caddy and one 4-litre pail... here you have a full, super compact, total cleaning system.

Cleaners Trolleys

Port-a-cart

Convenient multi-purpose cleaners trolley. 100 litre vinyl waste bag, 3 strong structural foam trays and mop clip. Strong tubular steel frame with support tray for heavy-duty work, hard wearing powder coated finish.

Damp Mopping Quick Response

A quick response cleaning trolley designed for use with microfibre damp mopping. This chassis comes complete with a 25 litre mopping bucket and a SPEEDY wringer, for use with the microfibre speedy mop and frame. The trolley features two 4 litre buckets holders, and a sack holder at the rear. Damp mopping means less water and faster drying floors.

NH3921

Jolly Trolley

This compact cleaning cart is both space efficient and versatile. Designed to accommodate common cleaning items and waste collection. Ideal for use in confined areas with limited storage space. Complete with bag.

NH3960

Structocart

A superb all-in-one mobile trolley for professional cleaners. The easily manoeuvrable all plastic Structocart trolley has 75mm (3") swivel castors at the front and 203mm (8") fixed wheels at the rear.

Complete with bag.
Bucket and lockable
safe sold separately.

Multi-purpose service cart

Highly versatile, ideal for moving bulky items in retail stores, laundries, hotels, hospitals and waste management. Strong and durable tubular steel frame with tray support, quickly folds away for convenient space-saving storage.

NH3980	12 x 270ml	Forest Berry
NH2902	12 x 270ml	Wildflower

V-Air Solid Cartridges and Dispenser

V-Air Solid is completely free of any solvents, propellants, HFC's and harmful volatile organic compounds (VOC's). Formulated with organic ingredients where possible. It doesn't rely on gravity - all it needs to work is natural airflow. A ceramic capsule is infused with high quality perfumes, then complemented by an integrated internal fragrance core. These combine and diffuse notes that are subtly different.

V-Air Solid is a non-aerosol passive fragrance system that provides up to 60 days of continuous fragrance. V-Air Solid utilises multi-phasing, sub-micron technology. It is VOC exempt and contains no batteries in either the dispenser or refill. It contains no liquids so won't spill, which ensures safety in use and transportation. It is also unaffected by climate conditions, the most common cause of passive cartridges failing.

Clean and Clever Green-Air Solid

Infection Control Wipes - PAL TX Hand and Surface Range

- **High strength & ultra-low linting materials, reducing the risk of wipes tearing or leaving fibre contamination on surfaces.**
- **Fully compliant to European food surface disinfectant regulations (BPR, CLP & REACH)**

Pal TX Surface Disinfectant Wipes have been designed for use on surface and equipment within food manufacturing, food processing and food service environments. The high specification Triamine based chemistry includes surfactants which enable the wipes to clean surfaces as well as providing rapid, highly effective disinfection without using QUATS, PHMB and Alcohol.

Pal Tx Surface Disinfection wipes are proven to kill most microorganisms such as bacteria, yeast & viruses. They have been independently tested to a range of European testing standards (EN) and BS ISO 4120:204.

Wipers & Washroom paper

Hand Towel guide

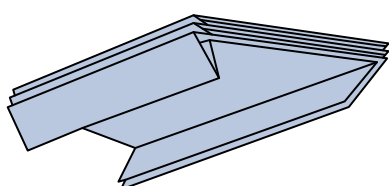

Through the use of effective paper control systems, significant improvements can be achieved while at the same time reducing wastage and unnecessary cost.

Let us advise you on the ways you can save money from effective product dispensing systems designed specifically to produce a more effective cost in use.

We recognise the need to actively work with our customers to offer solutions, designed to achieve long term benefits and savings to us both.

C-Fold

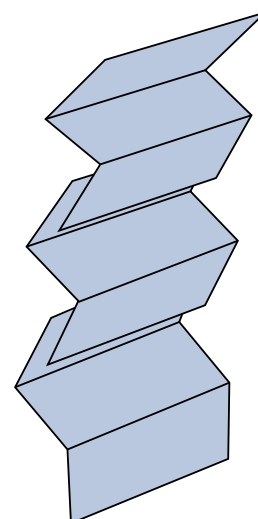

This system is designed for one-at-a-time dispensing, enhancing the washroom's appearance and controlling costs by reducing maintenance and waste.

Product example

Non-stop, Z-Fold, S-Fold, Interleaved, Interfold

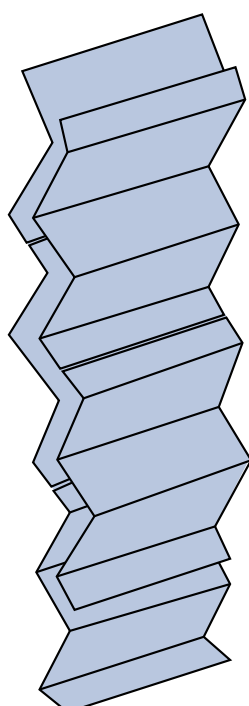

Paper towels are dispensed one at a time so they're touched only by the user, dry your hands hygienically and effectively, and help reduce costs and waste.

Product example

One-stop

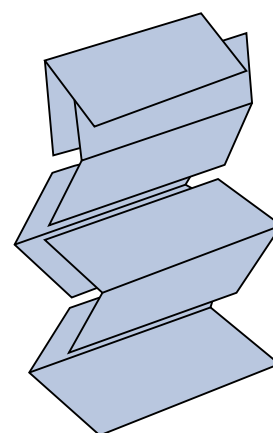

These towels are folded and interleaved so that when they are dispensed they provide an individual towel that is ready for use and is only touched by the user.

Product example

Zig-Zag, Single Fold

Ideal for demanding environments. Self presenting towels help reduce consumption and therefore waste with its reliable one-at-a-time dispensing.

Product example

Provided by Metsa Tissue.

Key features:

-  **High capacity** – up to 2100 towels
-  **Top up in use** – refill at your convenience
-  **Fast and easy to refill**
-  **Fast dispensing** – allows drying in 3 seconds
-  **Continuous towels** – connect between bundles
-  **Compressed bundles** – provide more towels in less space

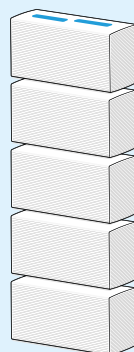

Get your washroom crowd ready – contact us for a trial today

*Based on an IPSOS survey of 3000 people in USA, UK, Germany, France, Poland and Sweden who have visited a high traffic venue in the past 9 months.

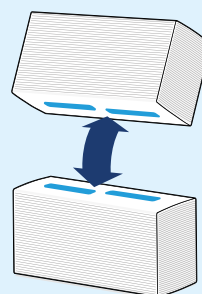

Our latest innovation explained

Our new hand towels are compressed to fit twice as many in less space. The system is continuous: bundles latch onto each other when loaded and towels are connected so they dispense with no interruption.

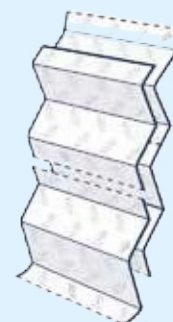

The result is a new standard of smooth, continuous towel flow and a dispenser that stays slim yet has 35% more capacity than any other product on the market.*

Bundles are compressed by 50% giving up to 2100 towels per dispenser*

Continuous bundles latch together as bundles are loaded

Bundles dispense without interruption one towel at a time

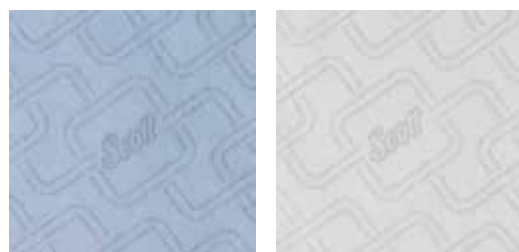

*Compared to Tork Universal refills and folded towel dispenser 552000

Rolled Hand Towels

Scott® Essential Rolled Hand Towels

- Ideal for use in any high-traffic environment where hygiene alongside best-in-class efficiency are critical
- Made using unique Airflex® Technology. Soft, strong & highly absorbent hand towels, even when wet
- Embossed with the SCOTT® Brand logo, giving users immediate reassurance
- The Aquarius® Rolled Hand Towel Dispenser promotes hygiene and helps to manage costs through controlled dispensing. It dispenses single sheets of hand towels ensuring easy delivery that helps reduce mess and wastage
- Available in a large roll and Slimroll® formats
- With 1400 sheets per roll (760 sheets on Slimroll®) the system delivers more sheets and more hand dries than other rolled hand towel system in the market
- The dispenser is easy to unlock and refill, with a customisable window to gauge refill needs

The Kimberly-Clark Professional* folded hand towel range offers you a choice of products to meet your users needs. Choose the Kleenex® brand for towels that offer the superior quality and care you would expect from a globally recognised brand or the Scott® brand which is the smart choice for reliable and cost effective towels.

Made from unique Airflex* technology that ensures that each towel is ultra absorbent and strong, even when wet, preventing them from becoming soggy or ripping.

The clever, interfolded design helps to prevent towels from ripping when being pulled from the dispenser, and ensures only single towels are dispensed each time, reducing mess and wastage and increasing hygiene.

Washroom Hand Hygiene

Comprehensive range of high quality foam hand wash soaps and shower products for office and public washrooms and leisure facilities.

Independent research shows that Deb Stoko foam soaps require 36% less product for an effective hand wash compared with traditional liquid/lotion soap. The research also reveals that using foam soap instead of traditional lotion/ liquid soap reduces:

- Water consumption by up to 45%
- Product consumption and chemical waste
- The energy required to heat washroom water
- Packaging waste

Tork Liquid
Soap Refill

Reduce cross contamination risks with Tork Matic® Hand Towel Roll and Tork Liquid Soap.

Where hygiene is a priority and budgets are increasingly tight, Tork helps control your costs without compromising hygiene.

Tork Extra Mild Liquid Soap is perfume and colour free, great for frequent use. The sealed, single-use bottle removes hygiene risks associated with bulk fill soap dispensers.

Fully enclosed and high capacity, Tork Matic Hand Towel Roll dispensers ensure the user only touches the paper they need.

Performance Guaranteed GOJO® Dispensing Systems

All GOJO dispensers offer exceptional reliability, easy service, and design that looks good in any environment. All covered by the GOJO Lifetime Performance Guarantee.

Refills

GOJO SANITARY SEALED™ Refills... Safe, Smart and Sustainable

Safe: Factory-sealed refills reduce the threat of germs. Every new refill comes with a fresh nozzle, so there's no long-term exposure to the germs in the washroom environment.

Smart: The snap-in soap refill supports the image of washroom cleanliness, reduces maintenance time and eliminates the hassle of refilling dispensers from bulk fill bottles.

Sustainable: The SANITARY SEALED Soap System is better for people and the planet. The recyclable refills use 30% less material than traditional HDPE bottles.

NW13200	2 x 5L

Exact System

The lightweight Exact bottles uses a measuring cap that consistently dispenses the same amount of concentrate and is easily refilled from the Exact cubitainer.

SmartDose System

SmartDose is an innovative dosing platform for super concentrate daily cleaners and disinfectants. Setting a new industry benchmark of accuracy, simplicity and safety for the users without the need for a connected water supply.

Taski Jontec 300

- Neutral pH low foam floor cleaner
- Suitable for all floor types
- Machine or manual application

Code	Type	Pack Size
NH5736	Exact	6 x 1L
NH5996	5Ltr	2 x 5L
NH5778	Empty Spray Bottle	1 x 5

Jontec Tensol

- Neutral pH floor maintainer in SmartDose system for accurate dilution
- Floor cleaner maintainer to remove dirt and improve gloss with buffing
- Low residue formula so no build up of waxes or polymers

Code	Type	Pack Size
NH5711	Smartdose	1 x 1.4L
NH5741	Exact	6 x 1L
NH5027	Empty Spray Bottle	1 x 5

Taski Jontec 300 Pur-Eco

- SmartDose system allows for accurate dilution
- Neutral pH low foam floor cleaner
- Suitable for all floor types
- Machine or manual application

Code	Type	Pack Size
NH5788	Smart Dose	1 x 1.4L
NH5778	Empty Spray Bottle	1 x 5

Carpet Cleaning

Pre-Sprays

Multi Pro

- Professional general purpose pre-spotter and traffic lane pre-spray for carpets
- Excellent for draught marks and greasy areas
- Apply by sprayer to all heavily soiled areas before machine cleaning
- Dilution: 1:8
- Citrus mint fragrance

Code	Pack Size	pH
NH7305	4 x 5L	10.5

Ultracac Renovate

- Special pre-spray for the removal of dry soot, carbon, fire residues, filtration soils and draught marks on carpets, fabrics and other surfaces
- Highly effective on polypropylene (olefin) carpets as a prespray
- Cationic solvent free formula "pulls out" soils by neutralising electrical charge and deodorises on application
- Dilution: 1:100 to 1:20
- Floral fragrance

Code	Pack Size	pH
NH7343	4 x 5L	10.5

Extraction Detergents

Extraction Plus

- Professional low foam cleaning concentrate for carpet soil extraction machines
- Clear and stable at high temperatures with anti-resoiling formula
- Dilution: 1:100
- Citrus fragrance

Code	Pack Size	pH
NH7301	4 x 5L	9.5

Crystal Green

- Premium non-ionic carpet extraction detergent
- Spectacular results on tough, oily and greasy soils
- Dilution: 1:666
- Herbal lemon fragrance

Code	Pack Size	pH
NH7326	2 x 4kg	9.5

Double Clean

- Concentrated heavy-duty extraction detergent
- Formulated for optimum performance in cleaning heavily soiled carpets
- Contains high quality anionic and non-ionic surfactants, alkaline builders and corrosion inhibitor
- Dilution: 1:666
- Citrus mint fragrance

Code	Pack Size	pH
NH7323	2 x 4kg	10

Carpet Cleaning

Stain Pro

- Heavy duty water and solvent based alkaline protein spotter
- For blood, vomit, wine, ink, fresh tea and coffee and most food based stains
- Ready-to-use
- Mint fragrance

Code	Pack Size	pH
NH7363	10 x 1L	10.5

Spot & Stain Removers

Coffee Stain Remover

- Specially formulated ready-to-use acidic spotter
- For tea, coffee, beer, tannin, water marks and other yellow and brown discolorations on carpet and fabric
- Ready-to-use
- Lemon fragrance

Code	Pack Size	pH
NH7341	10 x 1L	2.5

Citrus Gel

- A citrus solvent and detergent based liquid gel spot remover
- For oil, grease, tar, gum and other oily spots on carpet and fabrics
- Formulated to work on the fibre surface, avoiding problems to latex and bitumen backings, which commonly occur with other citrus based solvents
- Ready-to-use
- Citrus fragrance

Code	Pack Size	pH
NH7325	5 x 1L	5

Deodorisers

Lemon Refresh

- Concentrated fragrance additive
- Can be added to extraction, shampoo or any general cleaning solution
- Dilution: 1:100
- Fresh lemon fragrance

Code	Pack Size	pH
NH7336	5 x 1L	8

Urine Neutraliser

- Exclusive Prochem acidic deodorant for neutralising and deodorising urine by direct application
- Neutralises odour from urine deposits on contact and prevents staining
- Dilution: 1:1 or ready-to-use
- Fresh fragrance

Code	Pack Size	pH
NH7370	10 x 1L	4

Odour Fresh

- Professional formula with high quality deodorisers
- Can be added to any carpet, fabric or general cleaning solution
- Dilution: 1:100
- Floral fragrance

Code	Pack Size	pH
NH7311	4 x 5L	7.5

Cherry Carpet Deodoriser

- A powerful and pleasantly perfumed deodoriser
- Formulated to destroy unpleasant odours in carpets
- Can be diluted with water and pre-sprayed onto carpet or added to extraction or shampoo cleaning solutions
- Dilution: 1:50
- Cherry fragrance

Code	Pack Size	pH
NH7342	4 x 5L	7.5

Carefree Range

The Carefree range from Diversey is a complete floor care package. This system has been used by professionals for more than 30 years. The proven 3-step system is a simple yet tailored approach suitable for any floor maintenance programme.

All products in this range are numbered one to three to denote:

1. Prepare 2. Protect 3. Maintain

Carefree Speed Stripper

- Powerful fast acting emulsion polish stripper
- No rinse formula can be used for manual or machine applications
- Penetrates through multiple coats of floor polish

Code	Pack Size
NH6688	2 x 5L

Carefree Eternum Floor Polish

- High gloss low maintenance floor polish
- Blend of 3 polymers to give the best performance and high gloss
- Providing excellent adhesion and producing a hard wearing easy to maintain protective film
- Easy to maintain with superior resistance to black heel marking

Code	Pack Size
NH6653	2 x 5L

Carefree Floor Maintainer

- A fragranced neutral detergent with wax emulsion, ideal to clean and maintain protected and unprotected floors
- Versatile product suitable for both damp mop and spray clean
- Provides good buff response to enhance appearance and repair polish films

Code	Pack Size
NH6689	2 x 5L

Good Sense Break Down

- Effective and versatile
- Uses a combination of cleaning detergents and enzymes to break down organic material
- Can also be used to remove stubborn odours from carpets
- Containing odour neutralising technology

Code	Pack Size
NH6886	2 x 5L

Enhance Spot & Stain Remover

- General purpose carpet spotter
- Works on a wide range of spots and stains
- Woosafe approved with ONT

Code	Pack Size
NH6829	6 x 750ml

Enhance Carpet Extraction Cleaner

- Extraction cleaner for carpets and upholstery with a fresh apple fragrance
- Low foaming and suitable for use in all carpet machines
- Woosafe approved with odour neutralising technology

Code	Pack Size
NH6663	2 x 5L

Dry Vacuum Cleaners

Nationwide Vacuum Cleaners

Designed for professional use, the Nationwide vacuum cleaners combine high performance with light weight. Dust and soil are collected in a disposable paper bag. The standard model has the additional benefit that the cable can be rewound and stored in the 'head'.

Tub Vacuum Cleaner

- Nationwide Tub Vacuum
- 9L Capacity
- 12.5m Rewind Cable
- 580w 2 Stage Motor
- Single Speed
- Twinshot Quiet Wheels
- Tritex Filtration

Code	Type	Pack Size
NH3012	Tub Vacuum	Each
NH3021	Vacuum Bags	1 x 10

Contract Vacuum Cleaner

- Nationwide Contract Vacuum
- Unique Caddy Top
- 9L Capacity
- 10m Cable (26.8m Cable Range)
- 620w 2 Stage Motor
- Single Speed
- Twinshot Quiet Wheels
- Tritex Filtration

Code	Type	Pack Size
NH3013	Contract Vacuum	Each
NH3021	Vacuum Bags	1 X 10

TASKI

Taski Aero 8 Plus and 15 Plus

The taski aero 8/15 plus high-efficiency vacuum cleaner uses state-of-the-art technology and has a super-efficient motor. With the patented taski whisper technology, the vacuum cleaner works ultrasilently.

Based on a symbiosis of technology and functional design, the plus series offers unmatched ease of use combined with a unique range of features. What's more, replacement of parts such as cables and filters is simplified by clever design and can be carried out by the user in seconds without the need for any tools.

Taski Aero 8

- Advanced features in a unique combination
- Sustainable high-efficiency concept with Eco function
- Ultra-silent TASKI whisper technology
- Designed and tested according to operational best practice

Code	Type	Pack Size
NH3043	Aero 8	Each
NH5090	Vacuum Bags	1 x10

Taski Evo 350

- Highly efficient
- Designed to be ultra reliable
- Versatility and convenience

Code	Type	Pack Size
NH3046	Taski Evo 350	Each
NH3008	Vacuum Bags	1 X 10

Wet & Dry Vacuum Cleaners

- 1.2L solution tank, 1L recovery tank
- Cylindrical brush diameter : 11"

MXR Scrubbing Machine

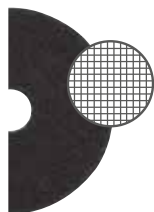

- Safe & easy to use ride-on
- Excellent manoeuvrability (aisle turn just 1540mm width)
- 70L solution tank, 70L recovery tank
- 22" brush
- Working capacity up to 3000 sq.m/hr

3m floor pad options

3M™ Trizact™ Diamond HX Discs

Used to restore and bring back the natural beauty of stone floors, simply by using standard floor cleaning equipment. It is faster than a traditional diamond grind and allows you to refurbish your own floors without the need for specialists.

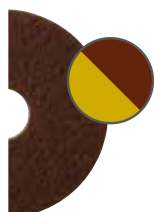

3M™ Scotch-Brite™ High Productivity Floor Pad

The most aggressive stripping pad from 3M. Ideal open construction that resists loading and clogging. Used for fast removal of floor finish and heavy dirt (e.g. concrete) with proven consistent stripping.

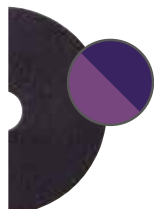

3M™ Scotch-Brite™ Surface Preparation Floor Pad

Premium floor stripping pad that strips and prepares a wide variety of floors, using just a neutral detergent or water. It removes stains and visible scratches as well as tackling hard-to-clean floors with a deeper clean than a black pad, without the harshness or scratches.

3M™ Scotch-Brite™ Sienna High Shine Floor Pad

High performance, double-sided floor pad ideal for worn and dull floors in poor initial condition. Cleans and polishes to a medium shine without the use of chemicals.

3M™ Scotch-Brite™ Purple High Shine Floor Pad

High performance, double-sided floor pad ideal for floors with medium shine in good condition. Cleans and polishes floors to a brilliant gloss finish without the use of chemicals.

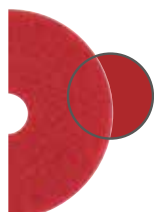

3M™ Scotch-Brite™ Black Floor Pad

Standard of the industry. Consistent proven performance with long pad life.

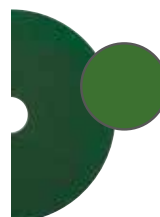

3M™ Scotch-Brite™ Brown Floor Pad

Conformable stripping pad for uneven floors which strips prior to refinishing. Super heavy duty scrubbing for removal of 2-4 coats prior to recoating.

3M™ Scotch-Brite™ Red Floor Pad

Designed for everyday cleaning and light scrubbing to remove light soil, scuff marks and black heel marks.

3M™ Scotch-Brite™ Green Floor Pad

Produces good gloss improvement. Exceptional durability and life. The soft finish problem solver.

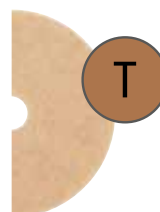

3M™ Scotch-Brite™ Blue Floor Pad

Designed for everyday cleaning and scrubbing to remove medium soil, scuff marks and black heel marks without damaging the floors.

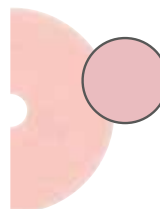

3M™ Scotch-Brite™ White Floor Pad

Used for light cleaning to help remove soil and scuff marks with minimal dulling of finish. Can also be used to polish wood floors.

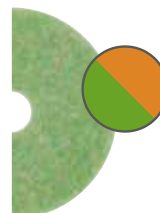

3M™ Scotch-Brite™ Tan Floor Pad

Produces good gloss improvement while removing scuffs and marks. Exceptional durability for use on harder finishes and high traffic conditions.

3M™ Scotch-Brite™ Eraser Burnish Pad

Removes black marks and returns gloss in fewer passes than other pads, whilst producing less dust. Ideal for hard finishes and high traffic areas. Excellent durability and minimal finish removal.

3M™ Scotch-Brite™ Orange & Green Autoscrubber Floor Pad

Scrubs and cleans without dulling the finish. Open construction resists clogging and is ideal for use on an autoscrubber and for coated surfaces.

3M™ Scotch-Brite™ Orange & White Burnish Floor Pad

Optimises UHS burnishing on a wide variety of finishes. Combines black mark removal and gloss generation in one pad.

3M™ Melamine Floor Pad

Specially designed for use on stone, concrete, VCT, marble and other porous floor surfaces, this highly effective pad makes light work of ingrained dirt, and unsightly scuff marks. It cleans most dirt and marks with water alone.
